DAKOTA

TB 220 Brush

The Dakota TB 220 Turf Brush is used for several routine maintenance tasks including GROOMING – lifting the long, laid-over grass blades so a mower can cleanly cut them; for MOVING TOPDRESSING into the canopy of the turf; and it's perfect for BACKFILLING voids after aerating, spiking, or verticutting procedures. The TB 220 Grooming Brush, US Patent No. 9,185,150 a versatile, labor-saving grooming tool for turf that improves the appearance, playing quality, and growing conditions of golf courses and sports fields. An affordable investment for a turf manager's program from 9 hole courses to major tournament venues.
