

TRILO®

Clean up leaves and litter fast and easy with a TRILO T1 Suction Unit.

TRILO has a solution to clean up leaves and litter easy and fast. Its called the TRILO T1 suction unit that you can easily place on a wide range of utility vehicles. This way, you can turn small manoeuvrable vehicles into mobile vacuums in very little time. This makes it easy to remove leaf and litter from the most hard to reach places. Very suitable for clearing leaves and litter from parks, inner cities, parking lots, cemeteries or wherever larger vehicles cannot access. There is even a version mounted on a trailer chassis that can easily be coupled and towed behind a vehicle. Removing and collecting waste materials from the most difficult locations is now made easy with the TRILO T1.

The TRILO T1 fits on almost any Utility Vehicle

Impeller: ϕ 400 mm – 4-blade
